

Open Forum – Share, Support, Learn **Supporting our clubs to return to rowing**

Following the Government advice and guidance published on Monday and the subsequent guidance published from British Rowing, we are aware that clubs have a significant challenge ahead of them ensuring they are ready to return to rowing. We know that how best to open up rowing adhering to all the guidelines in place, is causing great concern and stress to many club officers.

To help support our clubs in this task, we are hosting an **Open Forum** sessions this Saturday 16th May 2020 between 2.00pm – 4.00pm and on Monday 18th May 7.00pm – 9.00pm. These are intended to support those officers who have primary responsibility in setting up arrangements for this e.g. Club Chairs, Club Captains and Club H & S Officers. The aim of the session is for club officers to come together to discuss, share, support and learn with each in order to find solutions and strategies on how best to make this happen.

If you would like to come along please email Tracy Muir muirtracy@hotmail.com so that the Zoom invite can be sent across to you. In order for the discussion to be of most benefit, we may need to restrict the invite to one person from each club, depending on interest shown, as virtual conversations can lose focus and direction with too many people in attendance.

We hope that by giving clubs this opportunity for discussion, we can provide a space in which we can support each other in what is a time significant challenge and change.
